Ocean Energy Management

# Outer Continental Shelf (OCS) Renewable Energy

---

Why Wind Works

November 30, 2023

**David Diamond, Ph.D**

*Deputy Chief (Atlantic Operations)*

*Office of Renewable Energy Programs*

# BOEM Mission and Goals

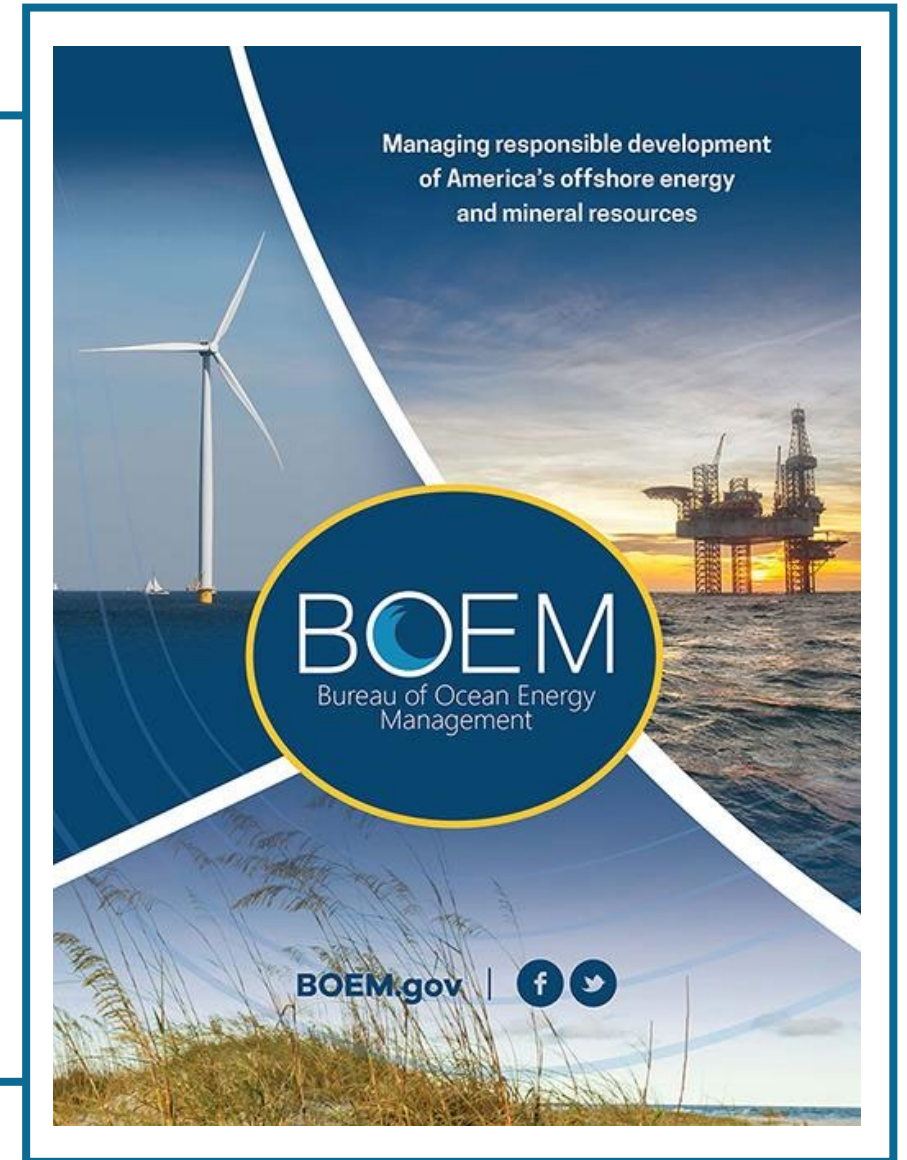

## Mission:

- To manage the development of U.S. Outer Continental Shelf (OCS) energy and mineral resources in an environmentally and economically responsible way.

## Administration Goals:

- Executive Order 14008 called for the Interior Department to identify steps to increase responsible renewable energy development on public lands and waters
- First-ever national offshore wind goal to deploy
  - 30 gigawatts of offshore wind by 2030 and
  - 15 gigawatts of floating offshore wind by 2035

*BOEM manages almost 2.5 billion acres of the U.S. Outer Continental Shelf.*

# Outer Continental Shelf (OCS) Energy

**OCS Lands Act:** "... vital national resource ... expeditious and orderly development ... environmental safeguards"

**Energy Policy Act of 2005:** "... energy from sources other than oil and gas ..."
